Dear Carol,

Much greetings from us with a lot of hope that you and your colleagues are fine, we are also fine these sides of Kenya in the Lord's name. The E.C.D.E. Carol Hunt Undergater have sent you greetings.

The feeding programme is going on well and the young children are very very happy, their meals consist of enriched porridge and mandazis. Sometimes they drink tea with mandazis. The children are sixty in number, they are young and eager to learn. Their normal lessons begin at 8:00 am and ends at 12:30 pm, they break for meals between 10:00 am and 11:00 am, after taking their meals, they become happy and more active to go for another 1 and 1/2 hours before they break for lunch on their behalf my I extend our gratitude to you (Carol) and your group for that kind heart.

I'll be sending you updates quite often on how we're pushing on. Enclosed find pictures of the kids feeding and their parents who have been assisting in preparing the meals.

Bye, greet all the colleagues.  
from

Eunice A. Ogal.
